

## Directions to Journey's Rest

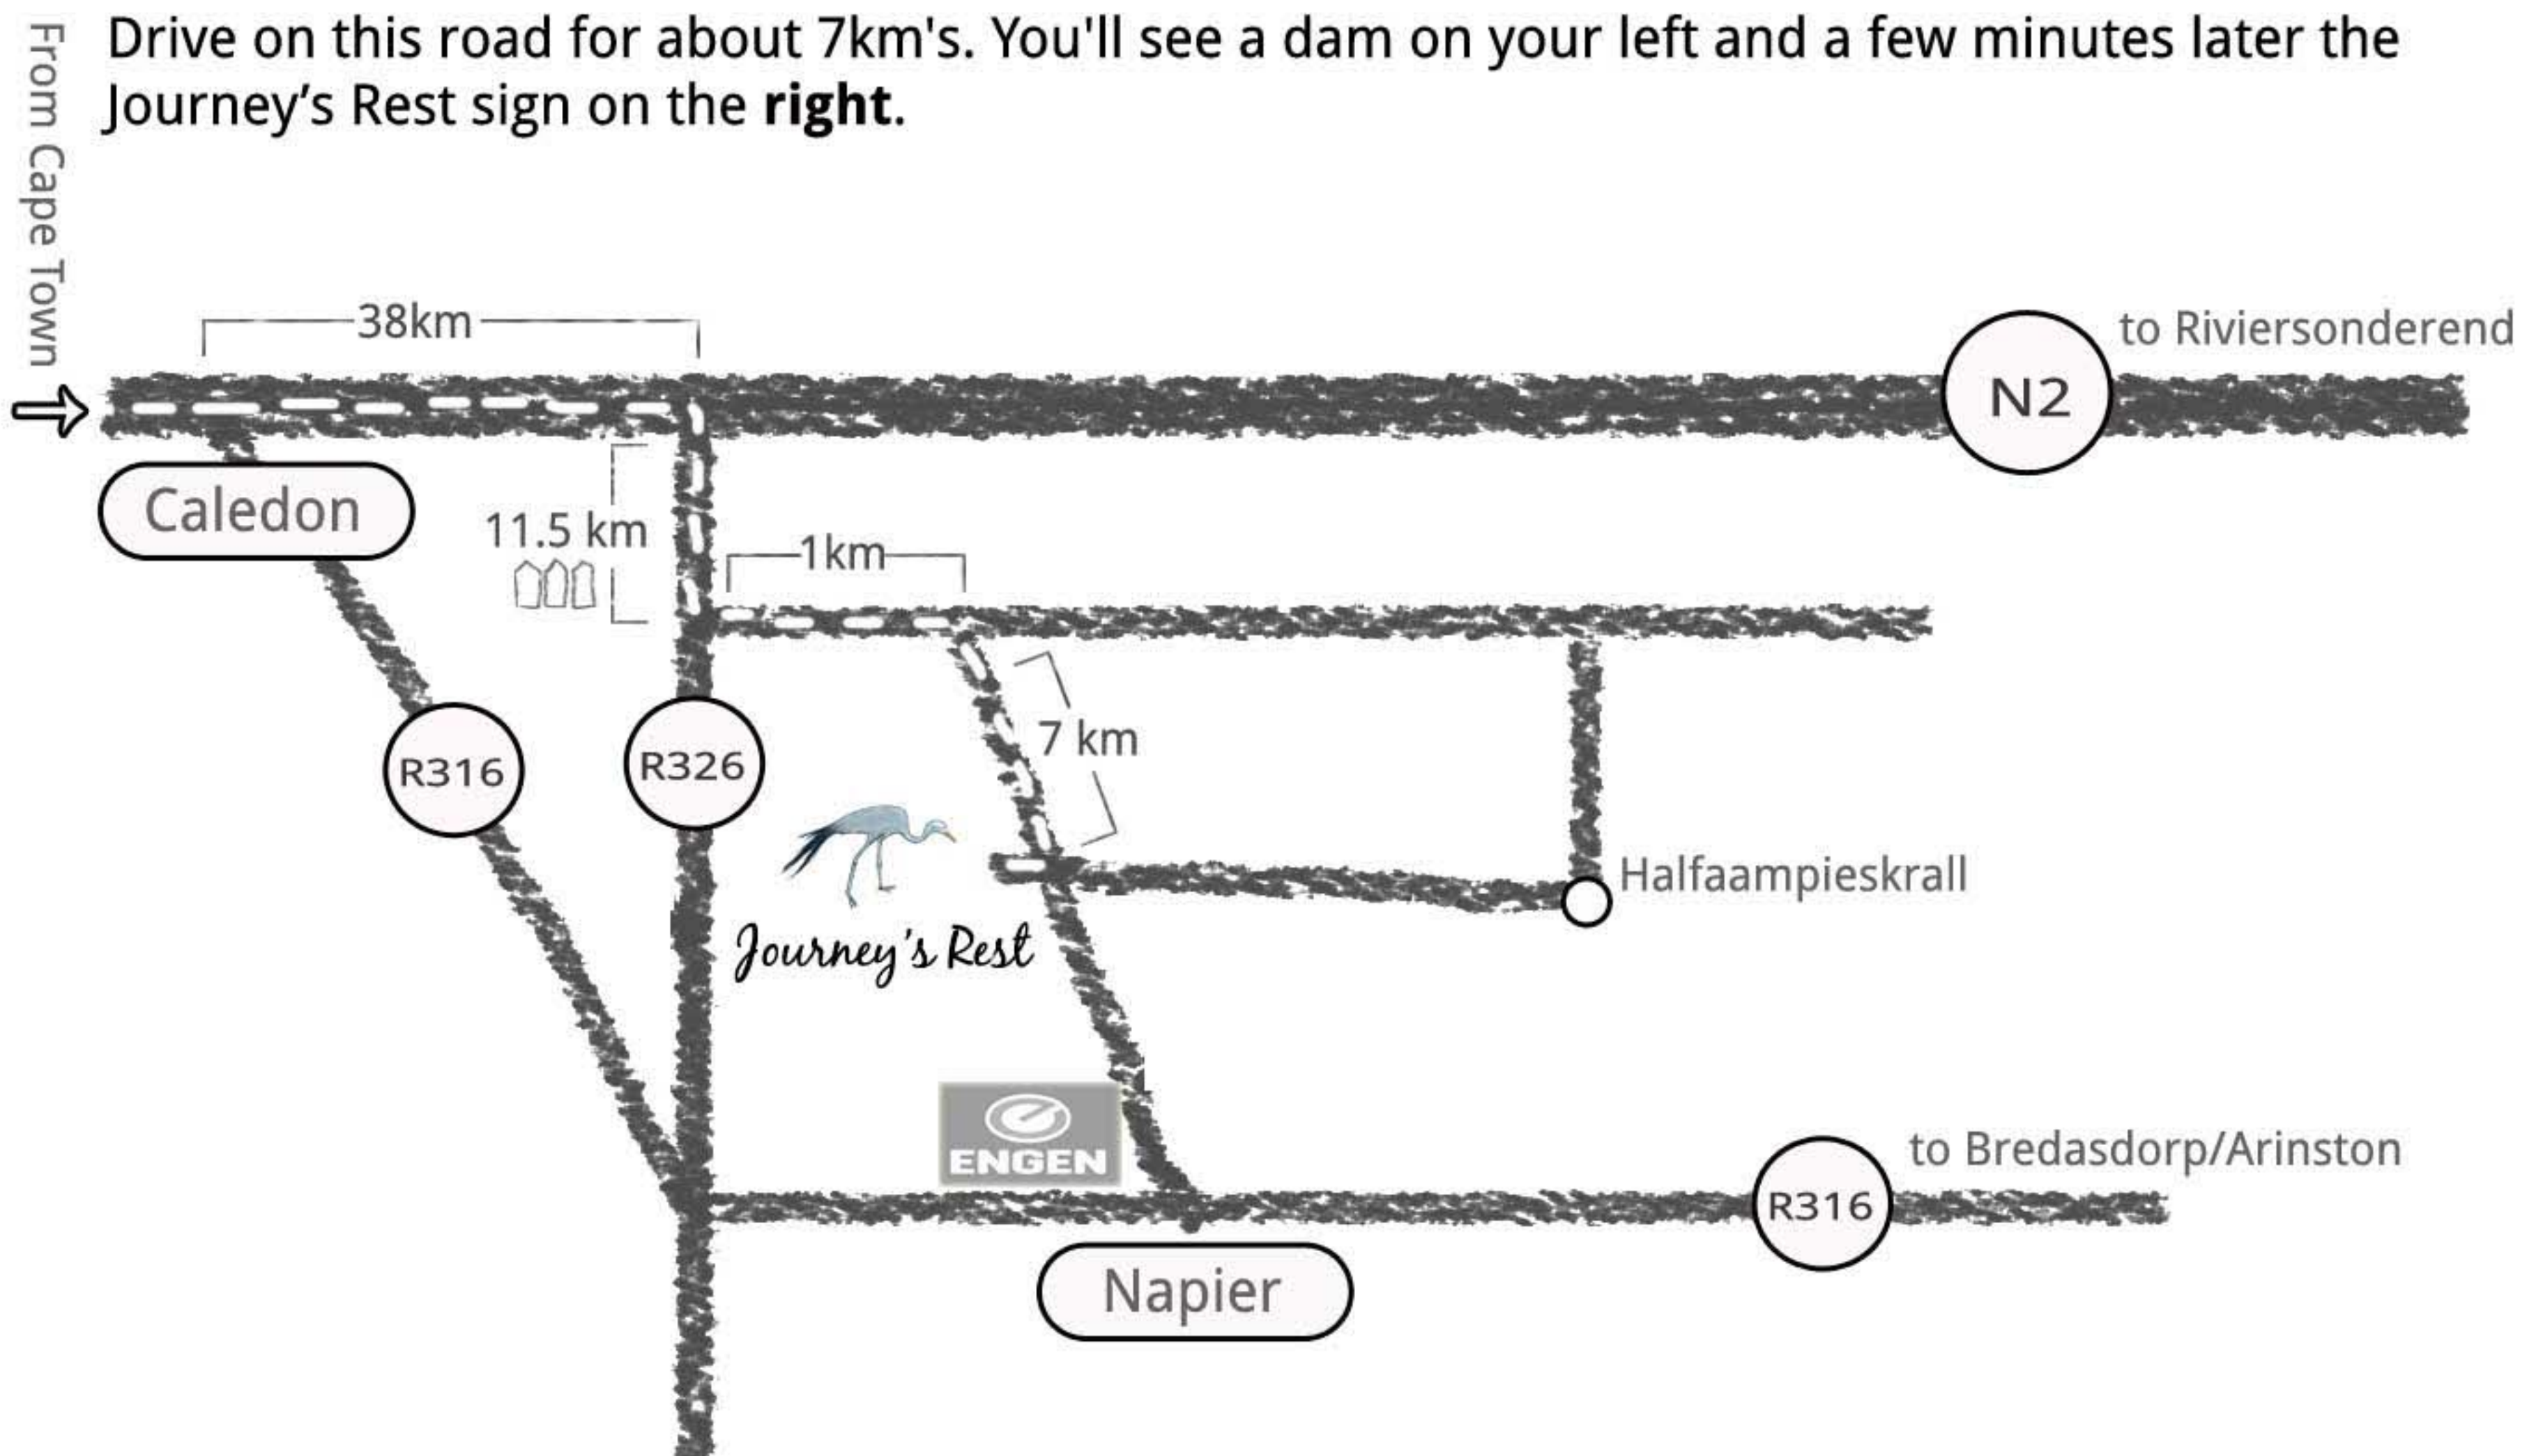

From Cape Town:

Its easy... a right, a left, a quick right, and we are on the right! But seriously, from the City Centre (without traffic) its an easy 2 hours.

Take the N2, and 38km's after Caledon **turn right** onto the **R326** at the sign "Stanford/Hermanus". This turnoff is easy to miss, look out for a cute brown sign for tractors, then a green road sign on a hill, then as you come down the hill, the turn off is immediately on the right. (It is sign posted.)

Once on the R326, you'll travel 11.5 km's on a long, undulating, tar road until you see silos on your right. Pass the silos, and take the next **left** up a small hill. At the top, take the first **right** onto a dirt road, the sign says "Napier/Bredasdorp".

Drive on this road for about 7km's. You'll see a dam on your left and a few minutes later the Journey's Rest sign on the **right**.

From Napier:

Turn off at the Engen Garage, Drive for 5km's, turn left onto dirt at the "Kilpdale/Riviersonderend" sign. Continue for 5km's and turn left again at the "Rietpoel" sign. Drive for 12km's and look out for the sign "Journey's Rest".
